#### SCHEDULE NO. 15-NONGAS OPERATIONS.

State the revenues and operating expenses of the respondent resulting for the year from its several operations other than gas operations, the resulting net revenues therefrom, and the comparison of such net revenues with those from the several like operations of the preceding year. Show increases in black ink and decreases in red.

If separate accounts have been kept of the cost of property specially devoted to such operations, show such costs as of the close of the year. If such separate accounts have not been kept, state that fact. In any event state, for each class of nongas operations, in what accounts shown on the asset side of the Balance Sheet the cost of such property is included.
